Home is a retreat from today's fast-paced life, where family & friends can gather to relax and spend quality time together. Regent's Park offers classic styling without all the formal trappings. The soft nut brown hand-rubbed finish allows each piece to warm a room while also offering functionality.

Inspired by 19th century English antiques found on the estates of Lincolnshire county, Regent's Park addresses consumers' renewed interest in traditional styling, updated to make it adaptable and fresh.

Regent's Park is crafted of book-matched Appalachian Cherry with Walnut and Mappa burl inlay in a hand-rubbed, antiqued finish with burnished brass hardware. The traditional lines encourage mixing with antiques and family heirlooms to enable today's consumer to express their own individual sense of style.
